ELECTRONIC SERVICE REQUESTED

If you are a U.S. resident and purchased prescription eyeglasses from LensCrafters in the United States after being fitted with AccuFit between September 5, 2013 and [Date of Preliminary Approval Order], you may be entitled to a payment of up to \$50 from a class action settlement for each pair of prescription eyeglasses purchased from LensCrafters.

La información proporcionada en este aviso está disponible en español en www.accufitclassaction.com

A \$39 million proposed settlement has been reached in a class action lawsuit titled *Ariza et al v. Luxottica Retail North America*, No. 17-cv-5216-PKC-LB pending in the United States District Court for the Eastern District of New York against Luxottica of America Inc. d/b/a LensCrafters f/k/a Luxottica Retail North America Inc. d/b/a LensCrafters (“LensCrafters”). If approved by the Court, the settlement will resolve Plaintiffs’ claims that LensCrafters made certain statements regarding its AccuFit Digital System that were allegedly misleading. LensCrafters strongly denies Plaintiffs’ allegations and stands behind the quality of its prescription eyewear. The Court has not made any determination as to who is right. If approved, the Settlement will avoid litigation costs and risks to Plaintiffs and LensCrafters, and will release LensCrafters from liability to members of the Class.
