

What is this lawsuit about? Michelle Jackson filed a class action lawsuit against Gen Digital Inc. (“Gen”), alleging that Gen violated the Telephone Consumer Protection Act (“TCPA”) by placing calls with an artificial or prerecorded voice regarding LifeLock and Norton accounts to cellular telephone numbers assigned to persons who do not have LifeLock or Norton accounts. Gen denies Ms. Jackson’s allegations and denies it violated the TCPA. The Court has not decided who is right or wrong. The parties have agreed to a settlement.

Why did you receive this notice? You received this notice because Gen’s records indicated that you may be a member of the following settlement class: “All persons throughout the United States (1) to whom Gen Digital Inc. placed, or caused to be placed, a call regarding a LifeLock or Norton account, (2) directed to a telephone number assigned to a cellular telephone service, but not assigned to a person who has or had a LifeLock or Norton account with Gen Digital Inc., (3) in connection with which Gen Digital Inc. used or caused to be used an artificial or prerecorded voice, (4) from February 19, 2021 to October 30, 2025.” If you are a LifeLock or Norton customer, you are not a member of the class, and this notice does not affect you.

What does the settlement provide? Gen will establish a settlement fund of \$9.95 million. Out of the settlement fund will be paid: (1) settlement compensation to participating settlement class members; (2) an award of attorneys’ fees not to exceed one-third of the settlement fund, subject to the Court’s approval; (3) litigation costs and expenses incurred by class counsel in litigating this matter not to exceed \$20,000, subject to the Court’s approval; (4) costs of notice and administration; and (5) a service award to Ms. Jackson not to exceed \$15,000, subject to the Court’s approval. It is estimated that each valid claimant will receive between \$200 and \$625, depending on the number of settlement class members who participate.

What are your legal rights and options? If you fall within the settlement class, you have four options. First, you may timely complete and return the claim form found on the backside of this postcard, or timely submit a claim online at www.LifeLockTCPAsettlement.com, by [date], 2026, in which case you will receive a proportionate share of the settlement fund after deducting the fees, costs, expenses, and award listed above, and will release certain claims you may have against Gen. Second, you may do nothing, in which case you will not receive a share of the settlement fund, but you will release certain claims you may have against Gen. Third, you may exclude yourself from the settlement, in which case you will neither receive a share of the settlement fund, nor release any claims you may have against Gen. Or fourth, you may object to the settlement. To obtain additional information about your legal rights and options, visit www.JacksonIVRsettlement.com, or contact the settlement administrator by writing to Jackson v. Gen Digital Inc. Settlement Administrator, [address].

When is the final fairness hearing? The Court will hold a final fairness hearing on [month] [day], 2026, at [time]. The hearing will take place via Zoom. At the final fairness hearing, the Court will consider whether the settlement is fair, reasonable, and adequate and, if so, whether final approval of the settlement should be granted. The Court will also hear objections to the settlement, if any. The Court may make a decision at that time, postpone a decision, or continue the hearing.
